Sustainable tourism

... benefits us all!

2 e-charging stations right outside

We carry the Austrian Eco Label and continuously strive to improve our processes, in line with the label's requirements for accommodation providers.

We want to show you just how important environmental principles are to us. In our hotel, we do whatever we can to use energy and water efficiently and prefer using renewable energy sources. We use 100 % green electricity, certified with the Austrian Eco Label, and the energy we use for heating comes from a regional biomass power plant.

Help us protect our beautiful natural setting by...

- **Choosing a climate-friendly way of travelling** and using public transport. We operate a **free** pick-up service from Schladming station.
- Doing your bit to **save energy**: Turn off lights, heating and air conditioning when they are not needed.
- **Reducing your consumption of water and cleaning supplies**: Have your towels changed upon request (not automatically), report leakages etc.
- **Separate your waste**: Glass bottles, plastic and metal packages as well as paper should be placed in the containers provided (night entrance, main building, foyer) or left next to the bin in in your room on your day of departure.
- **Helping to prevent food waste**: Opt for smaller portions. You can always get more from the buffet, not just at breakfast, but also at dinner. Our kitchen team will be delighted to see you enjoying your meal!

NEW

Minibar is not switched on

Don't be surprised if you find that your minibar is not cold this year. We have racked our brains trying to think of ways to save energy that wouldn't affect our guests too much. Experience has shown that the minibars don't get used much, although the fridges actually consume quite a lot of electricity. We have therefore decided to stock the minibars, but to leave them off. If you would like your drinks to be chilled, please contact reception. We will then switch on your minibar for you, and it will be cold by the next day at the latest. Alternatively, use our free room service and order chilled drinks from the hotel bar.

What ideas and tips would you like to share?
We'd be glad to hear them!

Wining & dining

Consumers are increasingly asking themselves where exactly their food is coming from. This trend is also noticeable in the gastronomy sector.

The AMA Gastro Seal of Quality has been around for many years, ensuring the transparent labelling of meat, dairy products, eggs, potatoes, fruit, vegetables, venison and freshwater fish on menus throughout the country. We prepare our exclusive menus using fresh, seasonal and regionally sourced products on a daily basis and are happy to accommodate special dietary requests or vegetarian diets.

Dinner from 6pm until 8:30pm, served in our restaurant for hotel guests as part of their half board. Look forward to the salad bar and the weekly theme buffets.

We kindly ask you to let us know if you won't be coming to dinner. In that case, we'll deduct € 10.00 from the half-board price.

TICKET SHOP

NEW: Online early-bird bonus for ski passes

As an alternative to our package deals, you may now also purchase ski passes online directly in the ticket shops of the cable car operators, with a **discount of up to 15%** on single- and multi-day tickets for Ski amadé.

How do I get the best price?

The early bird catches the worm!

The price shown at the time of purchase is always the lowest price. It will continue to rise until it has reached the maximum (ticket desk price).

How do I get my ski tickets?

You may order your ski passes in the comfort of your own home via the **Ski amadé online ticket shop**.

- If you still have your **KeyCard** (ski pass), you may recharge it in the online ticket shop. To do this, enter the KeyCard number from the back of the card. It will then be recharged with the product your selected.
- If you purchase a **new ski pass**, it will be sent to you **by mail**. Please bear in mind that this may take 5 to 10 working days.
- Alternatively, use the **pick-up function**: You will receive a **QR code by mail**, which you may then use to collect your ski pass at any **lift cash desk** or at the ticket machine.

SKI

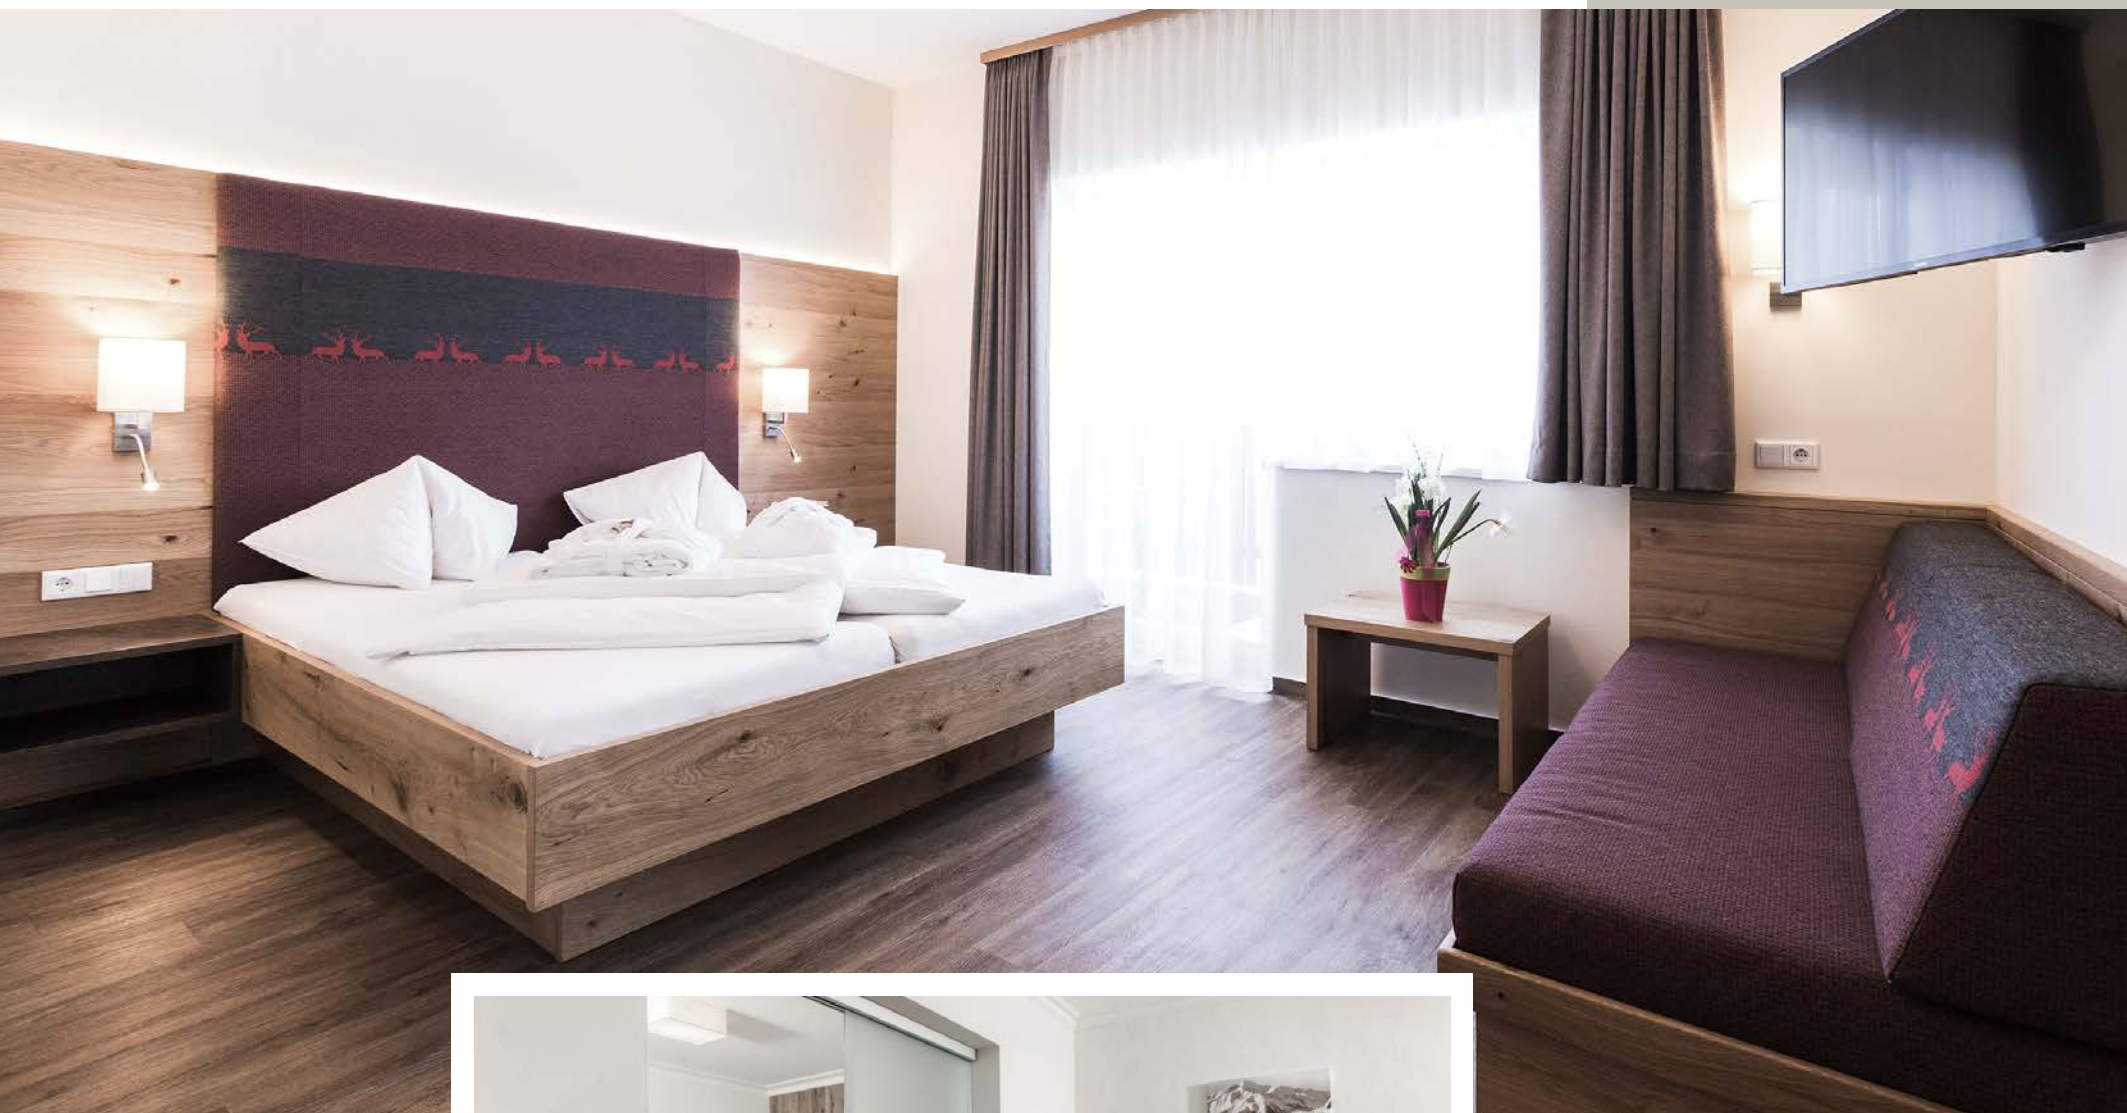

The Hauser Kaibling is your access point to the 4-mountain ski region that links the resorts of Hauser Kaibling, Schladming-Planai, Hochwurzen and Reiteralm.

37 km of beautiful pistes for skiing and snowboarding, deep-snow slopes for freeriding, state-of-the-art, efficient cable cars and long downhill runs guarantee fun on the slopes for beginners and experienced skiers alike. Ski schools, ski rental & ski service providers as well as rustic lodges complete the multi-faceted offer. There is a good reason why the Hauser Kaibling was awarded the Piste Seal of Quality and has twice come first in the ranking of the international ski area test!

Is it possible to change the period of validity of a ski ticket in retrospect?

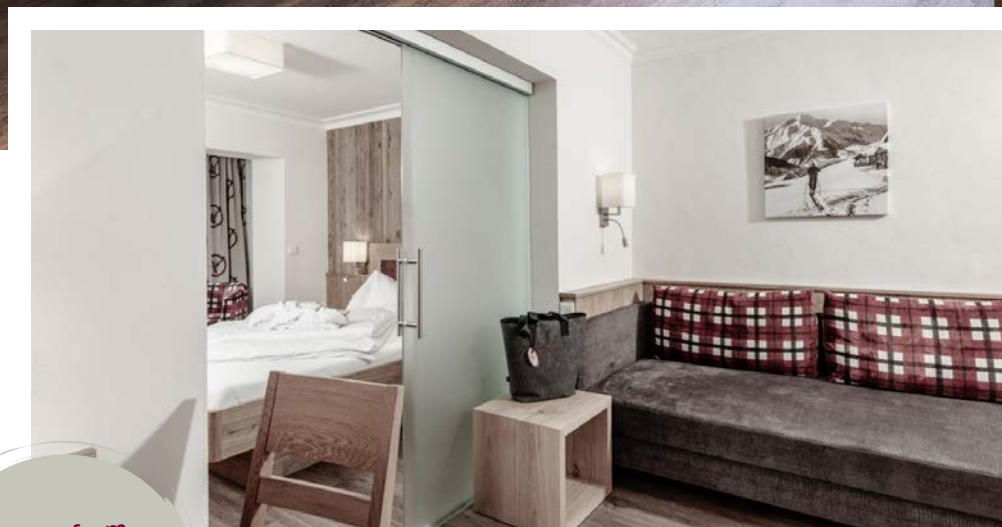

Once you have completed your order, the period of validity of the ski ticket **can no longer be changed**. The ticket is only valid during the specified period. Please note that the **cancellation option** for your ski ticket must be **added to your ticket shop booking separately**.
